

Technical sheet

MATExt

Size L

Weight 3 kg

Measurements

Height 525mm

Width 650mm

Depth 165mm

Materials

Carbon fiber structure

Antiallergic fabrics

Disinfect with Sanytol

Specifications

Strength. Mechanics;

Auxiliary force. 5.5kg per arm;

Noise level. Less than 70 dBA;

Working ambient temperature.
0°C – 45°C;

Degree of protection. Dust/Water – IP54.
UV light – DIN 75220 standard; 1992

Certifications

- Machinery Directive 2006/42/EC
- Standard EN ISO 13482:2014

iDR[®]
Exoesqueletos

Manufacturer: **COMAU**
